WORK EXPERIENCE

Customer Chat Support

- Teletech (September 23, 2021 – August 15, 2023)
- Providing customer service through emails, and live chats. Accurately enter customer data and maintain customer records. Meet and exceed performance targets and goals set by the company.

PROJECTS EXPERIENCE

Front-End Capstone

Designed and developed a static and responsive personal web portfolio using HTML5, CSS3, Bootstrap and Git for version control and I hosted on GitHub.

Back-End Capstone

Created an E-Commerce API using JavaScript, Express.js, Node.js, and MongoDB for the database. Implemented user authentication and full CRUD functionalities.

Full-Stack Capstone

Developed a React-based web application with API integration and responsive design, utilizing modern JavaScript techniques and DOM manipulation

Side-Project

Built an airline booking system using the MERN stack, featuring search flights, booking management, and Stripe API integration for payment processing.
